

Dear parents and guardians,

For many children, learning at school is not always easy. Some of them find their schoolwork too difficult, while others just can't motivate themselves to learn. Perhaps your child is having similar problems – then *o.camp* could be just what they need!

o.camp is a learning camp that takes place in the Easter holidays. Here, pupils can catch up on important schoolwork in one of the three key subjects: German, mathematics or English. As well as this, the children work on a project and can take part in a variety of activities during their free time. The programme is directed at young people who are having difficulty learning and whose progress into school year 9 is at risk. Pupils in year 8 at Hauptschulen, Realschulen or Gesamtschulen can take part.

How *o.camp* works:

*"I've learnt in o.camp,
I can manage things or tasks,
I'd never thought, I could do."*
